FATHER'S ARMS MINISTRIES

LOOKING BACK ON 2024 IMPACT A YEAR IN REVIEW

From C24/7

THANK YOU FOR YOUR SUPPORT...

It was another exciting year at C24/7 Father's Arms Ministries. We are incredibly grateful for our staff, volunteers, board of directors, prayer partners, and financial supporters who have made it possible. But ultimately, God has been orchestrating things all along to show our neighbors how much He loves them and designed them for great purposes! 2024 was an awesome year, and we are grateful. During our 2024-2025 school year, we had the opportunity to add MORE students to our enrollment, add MORE program days to our week and add MORE hours to each program day.

SUMMER YOUTH WORKERS

HIRED YOUTH WORKERS FOR OUR 2024-2025 SCHOOL YEAR!

This summer, we expanded our youth job program by providing youth work for over 20 youth and introduced internships in partnership with @loyolachicago, hiring four high school students. They assisted staff, sought local sponsorships, planned Bible study events, interviewed neighbors for their stories, and created newsletters. The goal was to provide hands-on job training and a deeper understanding of nonprofit operations.

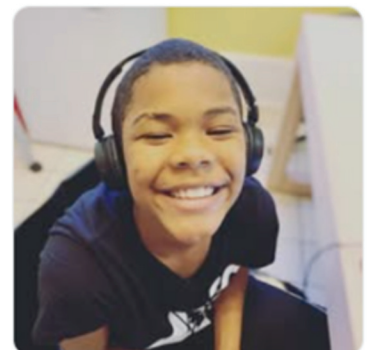

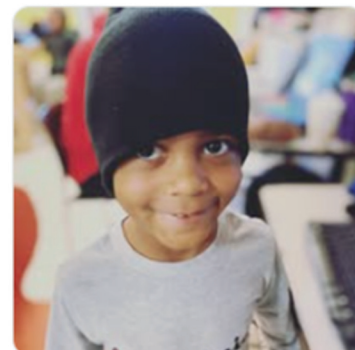

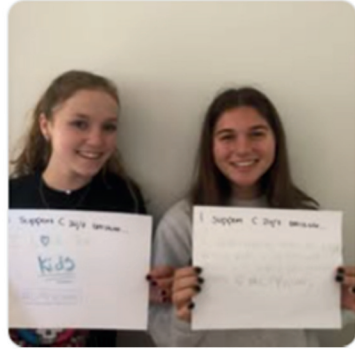

POSITIVE YOUTH DEVELOPMENT

Our deepest aspiration is for our youth to exit our program with a profound sense of purpose and a higher calling that transcends what the world has to offer. C24/7 desires to invest in our students mental, emotional, spiritual, physical and educational health. This is why we include homework time, Bible study and dinner every program day.

We desire each of our children to grow educationally through tutoring and homework help. Our staff and volunteers are dedicated to building relationships with our students and learning their unique qualities, strengths and weaknesses. We are also collaborating with our neighborhood's local schools in order to provide the best holistic approach to meeting our children's educational needs.
